Live Performances

KENNY HALL – Western folk music and storytelling

DOUG KELLER – Cowboy poetry

With opening session featuring

SLICKROCK STRING BAND Appalachian & Folk

Description:

Kenny Hall – A premiere Cowboy Song and Western Folk Life performer in the Intermountain area, Kenny Hall's artistry and character is clearly reflected in his music: direct, uncontrived, and honest. A native son of Utah, whose great, great, grandparents came west with Brigham Young, Kenny's life and career is centered in Cannonville, Utah, where he lives with his wife Jean.

Vice President of the Cowboy Poets of Utah, Kenny performs regularly in venues such as Western Legends in Kanab, the National Cowboy Poetry gathering in Elko, NV, Butch Cassidy Days in Beaver County, UT, Everett Ruess Days in Escalante, UT, and many others. His artistic talent includes creating beautiful, well-crafted custom saddles, hand-made chaps and gear, and award-winning camp wagons. A former PRCA bull rider, Kenny's goal is to "...pass on and keep alive this heritage and way of life that has been handed down to me by my family and those gone before me."

Doug Keller - Cowboy Poet Laureate of Kane County, Doug Keller grew up on a ranch near Zion Canyon in southern Utah and has written Cowboy Poetry for 35 years. As a Silver Buckle winner at the Western Legends Round-Up, Doug participates in Cowboy gatherings all over the West and has written, directed and produced melodramas at the Old Barn Playhouse and at the Crescent Moon Theater in Kanab.

Slickrock String Band and Friends - Doug and Terry Griffin have been playing authentic Old-Time Appalachian fiddle/banjo duets and ballads for over 30 years, a music steeped in early American and old world traditions. Recently, they've branched into contemporary folk including Terry's original songs. Randy Cram on guitar and Shauna Cram on base uke will join Doug playing banjo and Terry on autoharp and fiddle, to offer a delightful mix of upbeat traditional and contemporary music.

EARTH FESTIVAL CHAMBER CONCERT

Date: Thursday, May 16, 2013 **Time:** 7:00 PM – 9:00 PM

Location: Kanab High School Auditorium

Directions: Cowboy Way, Kanab, Utah

Featuring Guest Violist and Conductor, Joel Rosenberg; Violinist Linda Ghidossi-DeLuca; Guest Pianist Connor Chee

Admission: \$15.00 for adults, \$5:00 students, children under 12 free. Tickets available at the door.

Description: On this occasion Amazing Earthfest brings you the very highest caliber in chamber music performance. Each of these fine classical musicians is an accomplished soloist. To hear them play together is nothing short of enchanting! Ticket sales each year for Amazing Earthfest concerts help to bring extraordinary talent to Kane County. Thank you for supporting these fine performances!

Guest Conductor and Violist Joel Rosenberg will lead a **trio of musicians** in a full-length concert of classical music. Mr. Rosenberg will be accompanied by Kanab educator and **Violinist Linda Ghidossi-DeLuca**, and the sensational **Navajo Pianist Connor Chee**.

The performance will open with the **Suite for Viola and Piano by Vaughan Williams; Rodeo for violin and piano by Copeland; Scherzo, Op 39, No. 3 and Etude Op. 10, No. 4**

by Chopin; **Facinating Rhythm by Gershwin**, and **I've Got Rhythm Variations, composed by Gerhswin and arranged by Earl Wild**. After an *Intermission*, the trio performance will conclude with the **Sinfonia Concertante for Violin, Viola and Piano by Mozart**.

Linda Ghidossi-DeLuca earned Bachelor and Masters Degrees from The Juilliard School, has performed with Yo-Yo Ma; as principal violist and soloist, appeared with three San Francisco Bay Area orchestras; recorded music for films, including Mars Attacks, Predator II, Soap Dish, Cop And A Half, and others; recorded a remake of the Star Wars Themes conducted by John Williams at Skywalker Sound Stage in Marin County, California; and toured in the USA and Canada with the Dixie Chicks in 2003, as a member of a string quartet.

Joel Rosenberg is a graduate of The Juilliard School in New York City. Mr. Rosenberg has received the Individual Artist Grant from the Utah Arts Council, and a Fulbright Grant to Italy, where he studied at the Santa Cecilia Conservatory in Rome, and the Accademia Musicale Chigiana in Siena.

He has conducted the Australian Ballet with the Elizabethan Philharmonic and the Orchestra of Victoria at the Sydney Opera House, as well as the New Zealand Opera in Auckland, the Utah Opera, Ballet West with the Utah, Phoenix and Portland Symphony Orchestras, the San Francisco Ballet and the New Mexico Symphony, the Erik Hawkins Dance Company, and has appeared in concerto performances with pianist, Leon Fleisher.

Presently, Mr. Rosenberg conducts the American West Symphony and Ballet, and the Paradigm Chamber Orchestra in Salt Lake City. <http://www.joelrosenbergconductor.com/pages/about.html>

Connor Chee, born Page, Arizona, 1987, received his Bachelor of Music from the Eastman School of Music. While a student, he performed solo concerts in Ohio, Arizona, Utah and New Mexico, and attended the Chautauqua Music Institution in 2007 and 2008. Prior to his studies at Eastman, Connor attended the Cincinnati School for Creative and Performing Arts, where he studied under Simon Goykhman and Anna Weinstein, competing in the World Piano Competition, earning two gold medals, two silver medals and one bronze medal. He has performed at Carnegie Hall, The United Nations, the United States Department of Energy, and for American Indian Recognition Month, Cincinnati Pops, Hamilton/Fairfield, Blue Ash Symphony and Symphony of the Canyons. Connor recently earned a Master's in Music degree at the College-Conservatory of Music in Cincinnati.

Evening Program

OTTER CREEK – Award-winning original folk songs

Intermission and Silent Auction

KATE MacLEOD – Accoustic Western/Celtic/World music

Admission: \$12.00 for adults, \$5:00 students, children under 12 free.

Otter Creek – Peter and Mary Danzig, award-winning performance artists from Salt Lake City, will perform a spellbinding mix of original Utah and American roots music. Known for their versatility in style and instrumentation as well as their tight vocal harmonies, these two are extraordinarily gifted and perfectly matched.

The Deseret News has described Mary's playing as "electrifying energy... style and panache." With a Master of Music degree in violin performance, Mary won first place in the 2011 Utah State Fiddle Championship, and placed among the top three in each of the past four years.

An award winning songwriter and accomplished instrumentalist on the mandolin, fiddle, guitar, mountain dulcimer, banjo, and viola, Peter won the "Better World Category" of the New Songs Showcase at the Walnut Valley Festival in Winfield, KS in 2010. He was selected as a finalist in the Susanne Millsaps Performing Songwriter Showcase in 2009 and 2010, and won the top honor in 2011. Peter placed 2nd in the Utah State Fiddle Championship in 2010. In 2011, he placed 2nd at the National Mandolin Championship, won the Utah State Mandolin Championship, and in 2012, won Utah State Banjo Championship.

Otter Creek's songs are deeply informed from the folk tradition, exploring human experience from a refreshing and challenging perspective. Their first album, *Hunter's Moon*, received international airplay at #27 on the Folk Music Charts in February 2012.

Kate MacLeod - Like a handmade quilt, Kate's music for voice and guitar is a collective of our cultural heritage, piecing together art songs, new songs, old songs and sing-alongs with unbreakable stitching. National reviewers have noted Kate as an important and unique Western musical voice. Her original compositions have been recorded by artists from California to the Czech Republic in folk, Celtic, bluegrass and roots music genres.

The unique sound of Kate's fiddle derives from extensive study of Celtic music, enriched by world traditions and classical training. Based in Salt Lake City, Kate has performed with several Utah regional ensembles including Red Rock Rondo. Red Rock Rondo was organized by Composer Phillip Bimstein

to perform his music based on the history and culture of Zion National Park, and received Emmy Awards for its documentary film based on the group's music.

In a musical career spanning over 30 years, Kate MacLeod has composed many songs based on historic events, pioneer experiences, and Utah's striking western landscapes. In 2013 she will release a collection of songs inspired by books, recorded in concert at Ken Sanders Rare Books in Salt Lake City, to be released nationally on Waterbug Records. Learn more about Kate's extraordinary talent at www.katemacleod.com.

FULL-MOON RIDE TO ELEPHANT BUTTE

Date: Saturday, May 25, 2013 (A SPECIAL DATE!)
Time: 8:00 PM – MIDNIGHT (estimated)
Location: Elephant Butte
Directions: Meet at Glazier's Market parking lot, corner of 100 East and 300 South in Kanab at 6:30 PM, departing together at 7:00 PM, transporting your own horses or mules. You must provide your own tow vehicle and trailer or make arrangements to travel with a friend.

Description: This unusual night ride will take about 3 to 4 hours. If you have never ridden the desert under a full moon, it's a unique experience not to be missed! The sandy trail is easy, with rocky soil near the Butte. The route is not well-marked and in darkness, riders must stay together. Bring your own tack and personal equipment such as hat, gloves, jacket, food, snacks, sufficient water and a flashlight or headlamp, in case additional light is necessary.

Although part of the 7th Amazing Earthfest, this ride is specially scheduled for the full moon, offering an experience one seldom takes time to enjoy. Non- members of the Backcountry Horsemen must sign a Waiver of Liability. A parent or guardian must accompany children who ride.

PINK CLIFFS OHV RIDE

Date: Saturday, May 18, 2013 **Time:** 10:00 AM – 1:30 PM
Location: Deer Springs Ranch to Dixie National Forest

Directions: Travel east with your ATV from Kanab, UT, on US Hwy 89 for about 10 miles, then turn north onto Johnson Canyon Road and go to the end. Turn right onto Skutumpah Road and proceed to Deer Springs Ranch. At Deer Springs Ranch, turn north on Meadow Canyon Drive and proceed until you reach the large metal DSR gate that leads out onto Forest Service Road #092. Turn left. A parking area for this ride can be found at the north end of the Deer Springs Ranch Meadow Canyon Road by passing through the gate. Many vehicles can maneuver and park on the large flat area just inside the gate. **Important Note:** The area before the gate at the junction has been trenched for spring water runoff, and beyond the flat parking area is forested. Neither of these are suitable for parking. Allow one hour of travel time from Kanab.

Description: Please join the Dixie National Forest for an OHV ride to the top of the Paunsaugunt Plateau to view spectacular scenic vistas from the Pink Cliffs area. John Wesley Powell's survey team worked from this location because vast amounts of land can be seen from this viewpoint. We will start at the northern boundary of Deer Springs Ranch at Meadow Canyon. First we'll discuss safety and logistics, and pass out maps. We will travel up to Crawford Pass Trailhead to Clay Creek, Robinson Canyon and onto the Pink Cliffs for a short lunch break. The ride will take about 3.5 hours and totals about 40 miles. There will be informational rest stops along the route. Bring your own lunch, ATV's, helmets, jackets, water and anything else you may need. Don't forget your camera!

COTTONWOOD CANYON HIKE

Date: Friday, May 17, 2013 **Time:** 8:30 – 11:00 AM

Location: Meet at 8:00 AM at the Earthfest Information Table, Kanab City Library, 374 North Main St, Kanab. Drive into the Kanab Creek Ranchos to the trailhead.

Description: Vermilion-red mountains towering to the North and West and gently rolling pinyon-juniper lands stretching limitlessly to the South and East across the Chocolate Cliffs make this undulating but easy trail a favorite with those looking for something not too strenuous but magically beautiful. You guessed it; this route, open to hikers and equestrians, is yet another gem in the Kanab City municipal trails system.

DIANA'S THRONE ORIENTEERING HIKE

Date: Saturday, May 18, 2013 **Time:** 8:30 – Noon

Location: Meet at 8:00 AM at the Earthfest Information Table, Kanab City Library, 374 North Main St, Kanab. Carpool or caravan to a departure point in the White Cliffs.

Description: This guided hike is different: There's no trail. You must rely on your skill with a compass, and visible features on the horizon. Enjoy unending views of the majestic White Cliffs on this orienteering excursion, covering about 4-5 miles. It's easy to get turned around out here, but hard to really get lost. If you love beautiful scenery, the gently rolling terrain and sandy soils here afford hikers easy travel and fantastic photographic opportunities. Trade your GPS unit for a map and compass and enjoy disconnecting from your electronic devices.

LOOP HIKE: BUCKSKIN GULCH TO WIRE PASS

Date: Thursday, May 16, 2013

Time: 9:00 AM – 6:00 PM – Utah Time

Location: Buckskin Trailhead on House Rock Valley Rd., Coyote Buttes area, Arizona.

Directions: To carpool, meet in Kanab at 9:00 AM at the Earthfest Information Table, Kanab City Library, 374 North Main St, Kanab, or go directly on your own to the Buckskin Trailhead. The hike will end at Wire Pass Trailhead on House Rock Valley Rd. Car shuttle between trailheads.

Cost: \$6.00 per person fee at trailhead.

Description: Join former Park Ranger Lori McGraw as we take the trail less traveled into two slot canyons, passing three rock art panels along the way. This is a moderate 6-mile loop with one 6-foot drop-off. The route is likely to be dry this time of year, but recent rains or rain in the forecast may change our plans. Bring lunch, snacks, hat, sunscreen and plenty of water. Advance registration required. Limit 10 people.

NAMPAWEAP EXPEDITION & HIKE

Date: Monday, May 13, 2013

Time: 8:30 AM – 2:30 PM Arizona Time (9:30 AM – 3:30 PM Utah Time)

Location: Meet at the junction of Arizona Hwy 389 and Toroweap Road, parking area, located approximately 5 miles east of Pipe Spring NM. Those wishing to carpool directly from Kanab should meet at 8:45 AM Utah Time at the Amazing Earthfest Information Table at Kanab City Library to depart no later than 9:00 AM Utah Time.

Description: Enjoy an afternoon discovering the Nampawep Petroglyphs in Grand Canyon Parashant NM. A one-mile round trip hike takes you to one of the largest rock art sites on the Arizona Strip. Hundreds of images pecked into the surface of basalt boulders offer clues about the lives of early native residents.

This expedition will take most all day, traveling out and back on

dusty, unpaved roads for 2 hours each way from US HWY 389. No comfort facilities are available, and carpooling is desirable. If you drive your own vehicle, high-clearance, good spare tire, and a full tank of fuel are highly recommended. Bring your lunch, snacks and plenty of water.

NORTH CANYON ARCHAEOLOGY TOUR

Date: Wednesday, May 15, 2013

Time: 8:30 AM – 1:00 PM Arizona Time (9:30 – 2:00 Utah Time)

Location: To carpool from Kanab, meet at 8:00 AM Utah Time at the Amazing Earthfest Information Table, Kanab City Library, 374 North Main St, Kanab, Utah, OR go directly on your own to the junction of US Hwy 89-A and FS Road 8910 in House Rock Valley to arrive there at 8:30 AM, Arizona Time. From the junction we will caravan to the trailhead.

Description: Join Kaibab National Forest archaeologists for an excursion to the North Canyon rock art site on the east side of the Kaibab Plateau, location of the only perennial surface stream in the area. This site lies within the Saddle Mountain Wilderness, and features a variety of images, including bird feet. On the hike, archaeologists will share information about the history and prehistory of the Kaibab Plateau and House Rock Valley.

This round trip hike of 1.5 miles follows a gentle established trail within lower North Canyon with steep sections at the beginning and end of the hike. Dress appropriately for weather conditions, wear sun protection and footwear for hiking. Pack your own water and food for lunch in the canyon. Roads are suitable for 2-wheel drive vehicles and high-clearance is recommended.

PARELLI DEMONSTRATIONS AT HORSE HAVEN

Date: Tuesday, May 14 & Friday, May 17, at 10:30 AM

Location: Horse Haven at Best Friends Sanctuary. Maps are available at: <http://www.bestfriends.org/The-Sanctuary/Sanctuary-Map/> or at the Best Friends Welcome Center.

Directions: From Kanab, take Hwy 89 North five miles, turn right into Best Friends Sanctuary/Kanab Canyon. Drive about 1.2 miles and take the first left after passing the entrance to the Cabins (if you reach the Welcome Center, you've gone too far). Horse Haven is on the left.

Description: Staff and horses from Best Friends Sanctuary demonstrate the nationally recognized Parelli Program, which focuses on teaching humans how to understand horse behavior and psychology, and to succeed by building a relationship of trust with each horse.

WILD FRIENDS TOURS

Date: Monday thru Friday, May 13 – 17, at 10:15 AM

Location: Wild Friends area at Best Friends Sanctuary

Directions: From Kanab, take Hwy 89 North about seven miles, to the second entrance into Best Friends Sanctuary – the first right after Moqui Cave; then take the second right, then left at the fork and Wild Friends will be on the right.

Description: Wild Friends refuge is a state and federally licensed wildlife rehabilitation center for helping orphaned and injured wild animals get back on their feet – and into the wild. A small number who are too injured to be re-released stay on as part of Best Friends' wildlife education program. There are also adoptable domestic and exotic pets. Please arrive at the Wild Friends area a few minutes prior to start/tour time. In case of inclement weather call Best Friends' Welcome Center to check status.

PARROT GARDEN TOURS

Date: Monday thru Friday, May 13 – 17, at 11:00 AM

Location: Parrot Garden area at Best Friends Sanctuary

Directions: From Kanab, take Hwy 89 North about seven miles, to the second entrance into Best Friends Sanctuary—the first right after Moqui Cave; take the second right, then left at the fork and the Parrot Garden will be on the right.

Description: Best Friends Parrot Garden houses parrots and other exotic birds. Because parrots live such long lives (some up to 100 years), they can become homeless many times over during their lifetime. The parrots at Best Friends live in a tropical environment, and most are available for adoption.

BUNNY HOUSE TOURS

Date: Monday thru Friday, May 13 – 17, at 2:00 PM

Location: Bunny House area at Best Friends Sanctuary

Directions: From Kanab, take Hwy 89 North about seven miles, to the second entrance into Best Friends Sanctuary—the first right after Moqui Cave; take the second right, then left at the fork and follow signs to Angel Village. The Bunny House is located across from Angel Village.

Description: The Rabbit Department cares for about 220 rabbits, 90 of which live at Bunny House. Some were abandoned outdoors while others were victims of hoarding or excessive breeding. Some have injuries or special needs and most are available for adoption.

BUILDING WITH STRAW BALES AND EARTHEN PLASTER

Date: Saturday, May 18, 2013 **Time:** 10:00 AM – NOON

Location: 11776 East Hwy 89, Kanab, Utah

Directions: To carpool, gather at 9:30AM at the Earthfest Information Table, Kanab City Library, 374 North Main St. From Kanab, drive east on US Hwy 89 toward Page for about 15 miles to mile marker 49. When you reach it, go about 3/10 mile farther to the crossroad. Turn right (south). Go about 3/10 mile to the fork; turn right. About 2/10 of a mile farther there is an open green gate; turn left and come straight up to the building site.

Description: Tour three buildings in different stages, all built with strawbales and earthen plaster. Learn the basics of why strawbale architecture is a great choice for those who wish to build "green." Spend time at a beautiful building site, ask detailed questions, and learn why even a small strawbale building might be in your future.

CIVILIAN CONSERVATION CORPS in NORTHERN ARIZONA

Date: Tuesday, May 14 **Time:** 5:30 PM – 6:30 PM

Location: Kanab City Library Multipurpose Room, 374 North Main Street, Kanab, Utah

Description: Join author Robert Audretsch for a discussion of his two new books: *Grand Canyon's Phantom Ranch* published by Arcadia Publishing in 2012, and his recently finished second monograph titled: *We Still Walk in Their Footprint: The Civilian Conservation Corps in Northern Arizona, 1933-1942*.

The Civilian Conservation Corps, along with other New Deal agencies, was responsible for unprecedented federal land agency infrastructure growth in northern Arizona during the Great Depression. These forty-four CCC companies completed an astounding number of projects accomplishing as much as fifty years work in less than ten years. From the first reliable road from St. George, Utah to Wolf Hole, Arizona to the rustic cabins of Hualapai Mountain Park at Kingman, to the Crown King Ranger Station, the Snow Bowl ski area, to the Painted Desert Inn at Petrified Forest National Park, we still walk in that CCC footprint.

Robert W. "Bob" Audretsch, BA History, MS Library Science, Wayne State University, retired as a ranger at Grand Canyon National Park in 2009 after nearly 20 years of service and has devoted himself full time to research and writing about the Civilian Conservation Corps (CCC). Bob grew up in Detroit and worked as a librarian in Michigan, Ohio, and Colorado.

LIVESTOCK GRAZING ON PUBLIC LANDS

Date: Monday, May 13, 2013 **Time:** 6:00 PM – 7:00 PM

Location: Kanab Public Library Community Room, 374 North Main Street, Kanab, Utah

Description: So you thought no one can agree about livestock grazing on Public Lands? Come learn about a fascinating collaboration between representatives from livestock, environmental, agricultural, and agency interests, including Counties and the US Forest Service in Utah.

Sometimes people who disagree on a lot of things find common ground on some of them. Throughout 2012, a diverse, 14-member group of representatives examined differing perspectives and shared values about grazing, economics, conservation and forest management. On New Year's Eve, 2012, they finished their report on how to identify and encourage livestock grazing that is ecologically, economically, and socially sustainable on the Dixie, Fishlake, and Manti-La Sal National Forests. Discover a fascinating process that has produced results in Utah.

SOLAR ASTRONOMY

Date: Wednesday, May 15
Location: Kanab Middle School

Description: Join Dark Rangers Kevin Poe and Richard Blake, visiting Kanab from Bryce Canyon National Park, for a safe and exciting view of our Sun, using special solar telescopes. Learn more about this mysterious object we take for granted and the importance of sun safety. This program is for students only and is not open to the public.

A CLIMATE INTERVENTION

Date: Wednesday, May 15 **Time:** 7:00 PM – 8:30 PM
Location: Kanab City Library Multipurpose Room, 374 North Main Street, Kanab, Utah

Description: Does it sometimes feel like you're the only one trying to save the planet? Do you know any climate denialists? Do you find it hard to talk to them? If you answered "Yes!" to any of these questions, join Ranger Poe for an open discussion about Global Climate Change. Polite skeptics are welcomed to this town-hall style conversation. Learn how you yourself, can personally intervene to address climate change right at home, including specifics about capitalizing on Kanab's awesome wind and solar potential. **OPTIONAL Follow-up:** Attend the deep sky viewing later that same evening where in addition to showing off the beauty of Southern Utah skies, Poe will be available to address the myths claiming astronomical causes for global climate change.

DEEP NIGHT SKY VIEWING

Date: Wednesday, May 15 **Time:** 8:45 PM – 10:00 PM
Location: Wagon Train Circle near the Tom's Canyon Trailhead area in the La Estancia neighborhood.

Description: Join Bryce Canyon's Dark Rangers for stargazing with telescopes. See planets Jupiter and Saturn as well as star clusters, distant galaxies and other wonders of the universe. Please do not bring white light sources. Learn to trust your ability to see in the dark, and why we already have too much artificial light. Tom's Canyon in the La Estancia neighborhood is one of Kanab City's best resources for night sky viewing. Telescopes will be set up in a cul-de-sac on Wagon Train Circle, one block east of the trailhead for the Tom's Canyon/K-Hill Trail, another gem in Kanab's City's municipal trail system.

INVOCATION TO SUSTAINABILITY

Date: Sunday, May 12, 2013 **Time:** 2:00 PM – 4:00 PM
Location: Angel's Landing Outdoor Amphitheater at Best Friends Animal Sanctuary in Kanab. West side of the gravel road north of Best Friends Welcome Center.

Description: On this Mother's Day, enter an ancient gathering site to begin a moving experience blending soul stirring music, poetry, prayer and meditation in a live outdoor performance exploring our connection to Earth as Mother, accompanied by the extraordinary talent of **Navajo Classical Pianist Conner Chee**. Experience meditation and evocative sound coupled with perspectives of inquiry, discovery, and alignment with the natural world.

Delivering this year's Invocation and keynote address inspired by the elders' teachings about the healing that we call "sustainability", **Kathryn Sharp** will share stories of her mentors and of her life's journey learning from Mother Earth and healing through the Medicine Wheel. Kathryn has participated in ceremonial healing with over 30 indigenous tribes worldwide. In 1992 she was initiated into the Lakota sweat lodge ceremony, and in 1994 into the Lakota pipe ceremony, working as a healer and facilitator since then.

Great Old Broads for Wilderness Associate Director Rose Chilcoat and her colleagues will express viewpoints on the value and significance of wilderness and wildness to human fulfillment, to wildlife, and to sustainable ecosystems. Immediately after this event concludes, join Rose and her colleagues for **Wilderness Conversations, a hike into the Moquith Mtn. WSA.**

Once again the Invocation to Sustainability will feature **Teresa Abrams, sundancer and firekeeper in the Lakota tradition**, with friends in an authentic Native American pipe ceremony to celebrate Earth Mother's beauty manifested here in Red Rock Country. This ceremony frames the modern concept of sustainability recognizing the value of intact Earth Systems, and building community within the ancient Native American concept of living in harmony with the Earth and respecting all life. The Lakota expression, "mitakuye oyasin" (we are all related), inspires us to be mindful of our actions on the next seven generations.

On this extraordinary occasion, Kanab's Amazing Earthfest invites residents and visitors to Kane County to explore the world of spirit, ethics and ideas. Welcome living inspiration in the beauty of the natural world as **Pianist Connor Chee** elevates spirit to new heights. At this kick-off event tucked in a red rock alcove, celebrate shared connections as we explore Earth-care and sustainability on a grassy meadow. Please bring blankets and/or chairs for seating. There's nothing else like this on the planet!

WATER SENTINELS & THE COLORADO

Date: Wednesday, May 15, 2013
Time: 5:00 PM – 6:30 PM - During the Potluck Social
Location: Jacob Hamblin Park Pavilion, at the north end of 100 East in Kanab. (see page 12)

Description: Water Sentinels - Water sampling efforts help to establish baseline information useful in future environmental analysis involving regional creeks, streams and rivers. Water quality sampling demonstrations will be offered to enable area residents to monitor water conditions over time that could become important indicators of degradation from a variety of potential impacts. Tarie and others have collected water chemistry samples in 2012 from sites on Kanab Creek and the East Fork of the Virgin River. Streamside sampling equipment and demonstrations of sampling protocol, referenced with applicable water quality standards, will enable local residents to join in this important monitoring effort.

Separate Event: The Colorado - Enjoy the informative documentary film about the future of Colorado River water allocation, Watershed: Exploring a New Water Ethic for a New West, Monday, May 13, 5:00 PM at Crescent Moon Theater, sponsored by the Sierra Club, Utah Chapter. (see page 17)

WILDERNESS CONVERSATIONS

Date: Sunday, May 12, 2013 **Time:** 4:15 PM – 5:30 PM
Location: Meet at the entrance to the BLM Ponderosa Grove Campground, near Coral Pink Sand Dunes State Park. Drive north from Kanab on US Hwy 89 north from Kanab for 7.25 miles, turn left on Hancock Road and continue for 7.5 miles to the BLM marker identifying the campground. Caravan a short distance from there to the hiking spot.

Description: Broads Associate Director, Rose Chilcoat, board member Karen Ryman and recently retired Executive Director Ronni Egan will lead a short hike into the Moquith Mountain WSA. Along the way we'll have conversations about wilderness, its values, and the challenges in getting wilderness protected through congressional designation.

America's Lost Landscape: The Tallgrass Prairie

Time: 5:00 PM (60 minutes)

Topic: Prairie History and Ecology

Prior to Euro-American settlement in the 1820s, one of the major landscape features of North America was its 240 million acre tallgrass prairie. Over the span of a single lifetime, by 1900 this entire expanse was converted to crop production, forcing enormous social change upon Native peoples. The extraordinary cinematography of prairie remnants, original musical score, and archival imagery create a compelling experience of this epoch in American history.

The City Dark

Time: 7:00 PM (83 minutes)

Topic: Natural Darkness

The disappearance of darkness: What do we lose when we lose the night? Astronomers and cosmologists, scientists and doctors, astronauts, and a lighting designer unravel the implications of a globe glittering with lights. This is the most comprehensive and intelligent look in film today at the affects of light pollution.

Fresh

Time: 8:30 PM (70 minutes)

Topic: Sustainable Farming

Current industrial methods of livestock production are increasingly viewed as an unsustainable system, destructive to the environment and public health. But what is the alternative? Fresh profiles the farmers, thinkers, and business people across the nation at the forefront of re-inventing food production in America, who are changing how farms are run, how the land is cared for, and how food is distributed.

Monday, May 13

So Right So Smart

Time: 3:00 PM (86 minutes)

Topic: Innovative Manufacturing

Companies on the cutting edge of more sustainable business practices are proving that being environmentally friendly is both good for the earth and good for business. Their inspiring stories of leadership and innovative change provide

Two Showings!

hopeful models. Top executives featured in the film include Ray Anderson and Dan Hendrix of Interface, Yvon Chouinard of Patagonia, Gary Hirshberg of Stonyfield Farm, Doug McMillon of WalMart, and Paul Murray of Herman Miller.

Watershed: Exploring a New Water Ethic for a New West

Time: 5:00 PM (56 minutes)

Topic: Water Ethics

The Colorado River is a lifeline to expanding populations and booming urban centers that demand water for drinking, sanitation and energy generation. With 70% of its water supporting agriculture, the river already runs dry before it reaches its natural end at the Gulf of California. Unless action is taken, water availability will continue to retreat – a potentially catastrophic scenario for the millions who depend on it. Sponsored by the Sierra Club, Utah Chapter.

White Water-Black Gold

Time: 7:00 PM (85 minutes)

Topic: Canada's Tar Sands

Canada is the number one foreign supplier of oil to the United States, a fact little known in America. Most imported oil comes from the Tar Sands of Northern Alberta, the second largest known oil reserve in the world outside of Saudi Arabia. But this is not a traditional oil field. The oil must be extracted and processed from the sands at a significant environmental cost -- requiring huge quantities of fresh water and large amounts of energy that contribute to global warming. A journey of jarring contrasts, from pristine mountain ice fields to the Tar Sands tailing ponds, take a sober look at the untold costs associated with developing this deposit.

Genetic Roulette

Time: 8:30 PM (85 minutes)

Topic: Genetically Modified Foods

Evidence points to genetically engineered foods as a major contributor to rising disease rates in the US population, especially among children. Gastrointestinal disorders, allergies, inflammatory diseases and infertility are just some of the problems implicated in humans, pets, livestock and lab animals that eat GMO soybeans and corn. This film shines a bright light of hope that we can re-claim our health and our food systems.

Tuesday, May 14

My Father's Garden

Time: 3:00 PM (58 minutes)

Topic: Agricultural Innovation

In less than 50 years the face of farming has been transformed by synthetic chemicals having significant impacts on the environment, and on the health of farm families. North Dakota farmer Fred Kirschenmann, undertook a twenty-year transformation of his 3,000 acre spread to reflect his evolving and reverent understanding of nature. But life took a different turn for the filmmaker's father, Herb Smith, a dedicated and innovative Florida citrus grower and champion of new miracle sprays.

Chasing Water

Time: 5:00 PM (18 minutes)

Topic: Colorado River

Follow the Colorado River, source to the sea, by raft, by plane and on foot with photographer Peter McBride, and share an

intimate look at its watershed, the extent of its allocation, and how it dries up 80 miles short of its delta, at the Sea of Cortez.

Beyond Organic

Time: 5:20 PM (33 minutes)

Topic: Growing Food Locally

Learn the amazing story of a 12-acre farm in Goleta, California that survived suburban development to become a community-supported agricultural treasure. The industrious owners and staff of Fairview Gardens provide healthy food and educational experiences for thousands of people in the region.

So Right So Smart

Second Showing!

Time: 7:00 PM (86 minutes)

Topic: Innovative Manufacturing

An additional screening of this fascinating award winning documentary about US businesses trends to embrace principles of sustainability and zero waste to boost their competitiveness and profitability. (see page 17)

Dirty Business

Time: 8:30 PM (90 minutes)

Topic: Energy Production

American economic fact: Half of our nation's electricity comes from coal. Can renewable sources ever be produced on a scale large enough to replace coal? Can coal really be made clean? Visit China, Saskatchewan, Kansas, West Virginia, Nevada and New York to explore the social and environmental realities of this 19th century fuel and learn how innovators are pointing the way to an alternative energy future as near as Mesquite, NV.

Wednesday, May 15

Terra Antarctica

Time: 3:00 PM (48 minutes)

Topic: Antarctic Adventure

Filmmaker, author and adventurer Jon Bowermaster provides a unique, up-close introduction to the stark beauty, fragility and importance of the remote continent of Antarctica. By sailboat, sea kayak, foot and small plane, observe first-hand the fast-changing evolution of the continent. The annual expanding and shrinking ice sheets, holding 70% of Earth's fresh water, affects the entire planet's weather and oceans.

Thursday, May 16

The Hungry Tide

Time: 3:00 PM (53 minutes)

Topic: Global Climate Change

The central Pacific nation of Kiribati is expected to be one of the first countries to disappear as a result of climate change. Sea level rise and increasing salinity are threatening the homes and lives of 105,000 residents spread over 33 atolls. One of the least developed countries in the world, Kiribati has contributed little to worldwide carbon emissions, yet has the most to lose from global warming.

Friday, May 17

How to Boil a Frog

Time: 1:30 PM (87 minutes)

Topic: Climate Change

Mixing fast-paced comedy with hard-hitting facts, this film brings humor to a gravely serious subject: our children's future. With a refreshingly flip style that pulls no punches, animation, jump cuts, talking heads, and a lot of role playing, the film addresses five major areas of concern to bring about a wake-up moment on the subject of climate change. Global warming is part of a much bigger problem.

Switch

Time: 3:00 PM (98 minutes)

Topic: Energy Production – Present & Future

What does the future of energy really hold? Join energy visionary Dr. Scott Tinker on a spectacular global adventure to find out. From coal to solar, oil to bio-fuels, explore the world's leading energy sites and get straight answers from international leaders of government, industry and academia. Cut through the confusion to discover a path to our future that is surprising and remarkably pragmatic. This balanced look at the issues surrounding energy production and use is supported by people all along the energy spectrum from fossil to renewable to environmental.
